Scott Guthart

Software Engineer | Full-Stack, AI/LLMs, and Data Science
New York, New York, United States

Summary

Software engineer with full-stack, AI/LLMs, and data science experience, delivering solutions for Fortune 100 companies including CVS, Johnson & Johnson, Procter & Gamble, Progressive, and L'Oréal.

Experience

Edelman

AI Full Stack Engineer

April 2025 - Present (1 year 5 months)

Radius

5 years 3 months

Lead Software Engineer

July 2022 - August 2024 (2 years 2 months)

New York, New York, United States

Developed a full-stack application using Python, React, JavaScript, HTML, and CSS, integrating OpenAI's large language model (LLM) to automate the coding of thousands of open-ended text responses

Founded and led the company's first-ever software engineering team after earning leadership recognition, hiring and mentoring a developer to scale innovative solutions across the organization

Led the development of a statistical toolkit application using Python and React.js. The app was deployed on a Linux virtual machine via a REST API and improved the efficiency of a five-person Advanced Analytics team by 20%

Full Stack Engineer

November 2020 - July 2022 (1 year 9 months)

New York, New York, United States

Developed a market simulation app still in use for clients such as CVS, Johnson & Johnson, Procter & Gamble, Progressive, and L'Oréal

Built a custom project management app for 200+ projects with change tracking, Salesforce integration, automated notifications, reporting, time-off tracking, and Gantt charts, replacing an Excel-based system; deployed on a Linux cloud server using MySQL

Statistical Analyst

June 2019 - November 2020 (1 year 6 months)

Greater New York City Area

Developed Python scripts leveraging libraries like NumPy, Scikit-learn, and Matplotlib to automate multivariate techniques, including latent class regression, segmentation, perceptual mapping, and max-diff analysis. This enhanced the efficiency of Statistical Analysts by 15%

Performed choice modeling: CBC, Adaptive CBC, Menu-Based CBC from design to simulation

John T. Mather Memorial Hospital (Mather Hospital)

4 years 9 months

Physical Therapist, Per Diem

June 2017 - August 2018 (1 year 3 months)

Port Jefferson, New York

Physical Therapy Aide

December 2013 - June 2017 (3 years 7 months)

Port Jefferson, NY

Rehabilitation Research and Movement Performance Laboratory (RRAMP Lab)

Research and Wellness Intern

January 2017 - March 2017 (3 months)

Stony Brook, NY

Healthcare Research and Community Education

Keep Moving Forward Inc.

Clinical Intern

June 2016 - August 2016 (3 months)

Garden City, New York

Outpatient Pediatric Neurology

Tokio Marine America

Claims Manager / Adjuster

2011 - 2012 (1 year)

Greater New York City Area

Medical and disability workers' compensation case management

Education

Stony Brook University

Doctor of Physical Therapy - DPT, Physical Therapy/Therapist · (2014 - 2017)

Saint John's University - Peter J. Tobin College of Business

Bachelor of Science - BS, Business: Risk Management and
Insurance · (2007 - 2010)
